

Dear Summit Resort Members,

All of us at Path Resorts and Path Vacations would like to officially welcome you to the Path Vacations club! We understand that the last few months have been very monumental for Summit Resort members transferring into the Path Vacations club, and we are sure that many of you still have questions.

We hope to answer some of those questions in this letter and connect you to the proper departments that can assist you in accessing the perks of your new Path Vacations club membership. The simple step-by-step guide below will help you get started.

You will receive a copy of this letter in the mail which will include your unique Owner and Contract ID's. These two numbers help identify your internal account in the Path Vacations club system. Please keep your mailed copy of this letter or write these numbers down somewhere safe. If you do lose these numbers at any point, a Member Advocate can help you retrieve these ID's.

A copy of the Addendum to your Certificate of Beneficial Interest with the Path Vacations club will also be sent in the mail with your welcome letter. Please keep this document in a safe place for your records.

1. Create a VacationMember.com Account

VacationMember.com is Path Vacations' online portal that allows members to self-manage their accounts, including making reservations directly. Some transferring Summit members will already have a VacationMember.com account. These members should be able to log in to the system using the credentials they already have. Once logged in, these members should see their new Path Vacations club contracts and have full access to begin managing their Path Vacations account online and make new reservations.

For members who have not yet created a VacationMember.com account:

- Visit VacationMember.com on a laptop, personal computer, tablet or mobile phone
- Click on the "Sign up now" link beneath the login button

- Review upcoming reservations (if applicable) to ensure that the details of your future stays are accurate.

Please keep in mind that any pending reservations you have made under your previous Summit account, and any reservations you have already used in the 2024 use year under your previous Summit account will reflect as deductions to these points balances issued for 2024.
